

Time to grow with ClickShare

Spring is a time for renewal. It's the start of new growth in nature and in your business. To help you get the most out of your ClickShare sales this spring, Barco is launching **new promotions** on its **ClickShare wireless presentation range**, starting April 1, 2021.

As we prepare to get back to the office, it's clear that most of us will be working in hybrid mode, with a mix of physically present and remote collaborators. Are your customers' video conferencing rooms ready for this new reality?

By adding **ClickShare wireless presentation** to their fixed conference room set-up (like a Microsoft Teams or Zoom room), they can enhance interactivity, productivity and collaboration in their Microsoft Teams and Zoom meetings.

Great savings on ClickShare range

Our Spring promotion will run from **April 1, 2021 to May 31, 2021** and applies to select ClickShare models.
